ST. MARY'S CHURCH

The Wardens and Vestry of St. Mary's Episcopal Church have approved a plan submitted to them by the rector, the Rev. H. A. Griswold, for a memorial to the Rev. Elbert Floyd-Jones, late rector of the church who served in that capacity for more than 51 years.

The plan calls for completely re-decorating and painting the interior of the church and transforming the south transept into a chapel. When Mr. Griswold announced the plan to the governing body of the church he stated that \$2,000 had already been raised for this purpose and an additional \$2,000 would be needed. It is hoped that this additional \$2,000 may be raised from among the parishioners and former friends of the late rector in this community.

The rector has appointed a committee to be known as the "Floyd-Jones Memorial Fund Committee." The honorary members of the committee are Mrs. Alice Haldane, chairman, Mrs. Coryell Clark, Mrs. Elizabeth Coleman and Mrs. Isabel Tinker.

Mr. Newell Covert is chairman of the general committee and other members are as follows: Mrs. Lucy Pinkel, representing the Guild; Mrs. Henry Rusk, representing the Women's Auxiliary; Miss Marie Taylor, representing the Altar Guild; Miss Bertha Tait, representing the Church School; Mr. Lawrence Gent, representing the Trinity Club; Mr. John Marsh, representing the choir; Mr. Louis Gent, representing the wardens; Mr. James Whitehill, Mr. Duncan Campbell and Mr. P. Conger Pinkel, representing the Vestry; Miss Dorothy Giles, Mrs. Helen Brownell, Mr. George Andrews and Mr. Adrian Haar, representing the church and community at large.

At a meeting of this committee held last week in the rectory, plans

LOUIS I. MEKEEL PASSES AWAY

On Monday evening, Louis I. Mekeel, a life long resident of this community passed away at his home on Pearl Street, Nelsonville, N. Y. He was 75 years old.

Funeral services were held this afternoon at 2:30 o'clock from the Cold Spring Methodist Church, and were conducted by Rev. George Baird, pastor.

The interment was in the family plot in the Cold Spring Cemetery.

Arrangements were in charge of Mrs. Virginia Coleman of the Coleman Funeral Home.

Surviving members of the family are his widow, two sons, John Y. of Brooklyn, N. Y. and Richard of Nelsonville.

Deceased was born in Nelsonville, the son of John Y. Mekeel and Esther Nichols.

He attended the old Rock street school and also Haldane School. Later he attended school in New York City where he took up the duties of an architect following which he accepted a position in the metropolis. During World War I, he was in charge of the blue printing department in the Newburgh Shipyards. He drew the plans for many buildings in this community and elsewhere. Among the structures he designed was the Municipal Building in Cold Spring and he also drew the plans for the bandstand on the Cold Spring dock, and for the addition built on the Nelsonville school several years ago.

Until a few years ago, he was greatly interested in the activities of the Cold Spring Methodist Church, of which he was a member. He also belonged to the Old Homestead Club.

His father, the late John Y. Mekeel, conducted an undertaking establishment in Cold Spring, and for many years, the deceased aided

JACK COLLINS SELECTED AS AMERICAN LEGION BOYS' STATE REP. FROM HALDANE

Jack Collins has been elected from the Haldane High School Junior class to represent the school at the American Legion Boys' State conference to be held at Colgate University from June 27th through July 3rd.

Each year a representative of the Junior class from each high school in the State is elected on the basis of scholarship, citizenship and participation in extra-curricular activities. Collins, who is Vice-President of the Haldane Student Council, was also on the Varsity football and basketball teams of the school.

During the week at Colgate, students will take part in various aspects of student government, hear lectures by various State officials, and make a trip to the State capitol at Albany. There will also be a full program of athletics.

Last years' Boys' State representative at Haldane was Raymond Champlin.

his father at this place of business.

For a very long period he resided with his family on Mountain Avenue, during which time he and the late Brownlee Wilson became "pals." The deceased possessed a jovial disposition and was much elated when he could relate some of the interesting incidents that had occurred in the immediate vicinity.

He had a large circle of friends who will miss him, and all extended their sympathy to those who were near and dear to him.

COLD SPRING LIONS MILK FUND BALL

The many weeks of hard and diligent work in preparation for the 10th Annual Easter Milk Fund Ball by the Lions of Cold Spring will come to an end this Friday evening, April 2nd in what is promised to be the most splendid and well attended of any social events, heretofore held in Cold Spring. The early ticket response and the enthusiasm which the people of the vicinity have shown is a basis for this prediction of an outstanding and successful event.

The ever popular Ray Nelson and his Bear Mountain Inn Orchestra will commence playing at 9 o'clock and continue until 1 o'clock the following morning. The professional dance team which Arthur Murray Studio's are dispatching to Cold Spring for the evening will present for the first time in the Mid-Hudson Valley the "Champagne Hour" a novelty in entertainment circles which has become extremely popular throughout the entertainment world and functions such as this Milk Fund Ball. The team will give exhibitions which will climax in audience participation and as a special inducement for a good attendance Arthur Murray has set up two prizes worth \$10 in lessons in his studio for persons selected as the most competent dancers during the evening.

These inducements are believed responsible for the heavy early ticket sale but the popularity that this event has gathered in the ten years of existence is equally responsible for the success indicated. The excellent community service rendered by the purchases of milk from the funds received by this affair and the fact that the summer recreation program inaugurated last year served so well in aiding

THE AMERICAN RED CROSS — WILL YOU HELP?

Remember when the devastating explosions shattered Texas a short time ago? Remember when the roaring mad waters of the Ohio and Mississippi Rivers poured over their banks leaving hundreds homeless and injured? Remember the tornado and hurricanes of Florida? Remember the bad train wrecks and plane crashes of last year? Remember . . . but we could go on endlessly. You do remember, I'm sure, and also that the food, shelter, medical care and aid came from the American Red Cross who were on the spot almost immediately. This great American team is the symbol of all our country as far as brotherhood is concerned. The volunteers of this greatest organization in the country give their time, courage and lives to help others. Their reward — they have helped someone by relieving him of his worries, helping him get a fresh start.

All the pay these Red Cross Workers get is a "Thanks" if someone happens to think of it.

Every year, you are asked by these workers, who come to your homes, to give toward this worthy cause. They don't ask for ten or five or even one dollar. They ask you to give what you can to help. Who knows, someday maybe, you will need the Red Cross to help you, too.

Won't you give? Even if it's only a few cents, it would buy a few feet of bandage or a slice or so of bread. No amount is too small, none too big. Please give — whatever you can to the American Red Cross — you won't be sorry.

The closer a man is, the more distant his friends are.

Forethought often prevents afterthought.

Life is not so short but there is always room for courtesy.

The fellow who thinks he's a wit is at least usually half right.

The woods where hunting never fails are rarely reached by easy trails.

You can't buy confidence and respect with profanity and vulgarity.

A HISTORY OF COLD SPRING

February 5, 1830, Session met. Present, Rev. William Blair, moderator, and George Leitch and Peter L. De St. Croix, elders. Daniel Mulleneux and Susan his wife, Samuel McLelland, John Short, Jr., and Margary McDowell. This was a preparatory Lecture. At this meeting it was unanimously resolved by the Church, (including the Session) that no person should be admitted as a member of this Church who manufactures, deals in, or uses ardent spirits.

At a meeting of the Church on the 1st of May, 1830, William Young was chosen an elder, and John P. Andrews a Deacon, and on the following day were ordained as such.

May 8, Session convened, Rev. William Blair, moderator, and P. L. De St. Croix, George Leitch and

William Young, elders. John McDowell, Samuel McDowell and Mrs. Ann Kerr were duly accepted into the church.

September 6th, 1830, Session convened. Present, George Leitch, William Young and P. L. De St. Croix. It was resolved that P. L. De St. Croix be Clerk of the Sessions, and also that William Young be appointed to represent the church at the coming meeting of the North River Presbytery, and as the meeting was not pro forma, it was not opened and closed with prayer.

September 21, 1830. Mrs. Sally Blain having applied to the Session of the Church, through the Rev. W. Blair, for dismissal from the church, and she being a member of the church in good and regular standing, her request was granted, and a certificate given to the Church of Goodwill. By order of Session. G. L. De St. Croix, clerk. William Young declined to rep-

resent the church to convene at Cold Spring next day, George Leitch was appointed in his stead.

The proceedings thus far were duly approved in Presbytery at Cold Spring, September 22, 1830. James Thomas, moderator.

The foregoing records were transcribed from an old book kept by me, P. T. De St. Croix.

September 24th. Jacob Helfenstein became the pastor of the church at this time.

I now leave the record of the church, which continued to prosper, as well as all the churches in the place, until after 1852.

A rupture took place about this time in the Presbyterian Church, for causes not easily seen, which resulted in the organizing of a Dutch Reformed Church, now

called "Reformed." A church was built, which would be a credit to any place, and is in full operation to this day.

I take leave of church matters, at least for the present, and go back to before 1826. The Foundry continued prosperous, cannon were manufactured in abundance, orders came in fast, and it was no uncommon thing for them to get from fifty to one hundred for cannon of the heaviest kind yearly, with orders for shell and shot to correspond. I have told the reader before that the first guns made were burst by being proved. I think on reflection that some few were burst here or elsewhere, which induced the government to be more particular and exacting in

DO YOU RECALL WHEN?

Thomas Monahan was gateman at the Main Street crossing.

Mrs. Barnhardt conducted a millinery, corner of Main and Fair Streets.

Jim Pope conducted one of the first garages in the village. This garage was on Garden Street.

Roxy Maher resided with the Monahan family in the house on the top of Turkey Hill.

Miss Augusta Taylor, Miss Ida Green and Charlie Hasenmaile were "tops" in figure skating.

Company H, New York National Guard was quartered in the Post Building, during World War I.

Hunt's Shows would give a circus performance afternoon and evening on Sandy Land lot.

A gas house was located on Market Street and gas was furnished to the residents of this village.

A James Mekeel conducted a roller factory on Market Street, where rollers for window shades were made.

Alexander Collard would meet the paymaster for Cornell Iron Works and convey him to the plant in a one-horse surrey.

Many resident kept several hives of honey bees. Two we recall was William Pope on Garden Street and Joseph Dalwheiner on Parrott Street.

Frank Gallagher was towerman, Walter Atkinson, freight clerk, Bob Trimble, engineer in the power house and the Editor served as flagman for New York Central Railroad.

John Shea and Patrick Monahan were section bosses on the railroad in this vicinity, and each year they would strive to win the prize, given by the New York Central Railroad, for the best appearing section.

WAITING

(Dedicated to a grand couple,
Mr. and Mrs. R. R.)

It seems so hard to stand and wait,
For the one you love to come home;

There's many an hour at the garden gate—

You've spent there all alone.

"He'll soon be along," you say to yourself,

As your heart makes a triple beat;
But the dinner's cold, and the meat is spoiled,

And there's still no sound of his feet.

The minutes go by, the hours drag on,

And you wonder if he's alright;

For he's never been this late before,

Not even on icy nights.

Another sad look at the too crisp meat,

And a glance at the dried out peas;
And the mashed potatoes stuck

fast to the pan

Then you feel weak in the knees.

"Why doesn't he come" or "he could call,"

Are thoughts that run through your mind;

"Could he have been hit by a passing car,

Is he working late, or forgot the time?"

Then a sound reaches your anxious ears,

You rush to open the door;

And coming up the pathway is the man you've waited for.

With a happy smile upon your face,

You greet him joyfully;

The worries of a spoiled meal

Forgotten in your glee.

He's inside, now, the doors closed tight,

He holds you in his arms;

His lips are warm as he touches your cheek,

And you marvel at his charms.

You're seated at the table then,

With dinner in front of you;

And everything tastes wonderful,

Warm and freshly cooked, too.

Then a quick glance at the teapot clock

That's hanging on the wall;

And a startled look upon your face—

He isn't late at all.

It's all imagination,

And you're happy in your heart;

For it always seems like hours

When true lovers are apart.

were discussed for raising the additional money needed and the work that should be done in the church. It was decided not to conduct a direct campaign of solicitation but rather to inform members of the church what was planned and to give them an opportunity to contribute if they wished.

Mr. Newell Covert appointed Mr. Lawrence Gent chairman of the committee to approach church members; Mr. Adrian Haar chairman of the committee to approach non-members. Miss Bertha Tait was named chairman of a committee to work with various church organizations each of which will be asked to make an organizational contribution. Mr. John Marsh was named chairman of the committee to work with the rector in planning the dedication services and ceremonies. The committee on the chapel project and redecorating is headed by Mr. James Whitehill and Miss Dorothy Giles is chairman of the publicity and public relations committee.

A second meeting of the general committee will be held this week when reports from the sub-committees will be heard and plans made to endeavor to complete the campaign by May 15.

AMERICAN LEGION NEWS

The house warming party of the George A. Casey Post, American Legion is scheduled to take place, Monday Evening at 8:15 p.m. at the new Club Rooms of the post over the Homestead Club on Main Street in Cold Spring. The date is April 5th. The committee under the Chairmanship of George Benziger has worked hard and faithfully in preparation for the introduction of the new Clubrooms to the members and their friends.

The evening will serve as a reunion to many of the older members whose attendance has dwindled with the passage of time, and it will serve as an opportunity to World War II veterans and their friends to meet under the pleasant surroundings of food, drink and gaiety. The rooms have been decorated and new features have been installed which will find favor with those who are to attend.

The committee consisting of George Benziger, Michael Coris, John Mazzuca and Thomas Collins have been sounding the welcome call to the entire community and from the response noticeable to date, the rooms and the caterer will be taxed to keep abreast of the Legion and its many friends. The Legion welcomes all and repeats that there is no tax or charge for the evening's entertainment.

NELSONVILLE

The Annual meeting of the Nelsonville Fire Department will be held at the Fire House on Friday night, April 2, 1948 at 8 o'clock.

parents to keep their children occupied during vacation months have caused merchants and residents of the community to respond nobly to the request of the committee for support both in the journal and in the purchase of tickets. The general worthiness of the cause for which the affair is being held and the promises of excellent entertainment which the committee has labored to give should, make Friday night's Ball an excellent house warming event for the approach of Spring.

Preparation of this event is as follows:

At the hour of midnight, a shower of balloons will descend upon the merrymakers, with certificates inside for prizes which the Committee will distribute to the fortunate persons who find the lucky balloons. Thanks are extended by the Committee to the Cold Spring Lumber Co., Palen's Drug Store, Strickland's Liquor Store, Glick's Dry Goods and Glick's hardware for the prizes they donated.

The Committee for the Affair consists of William Hageny, Sam Sunday, Tom Collins, Joe DeLuccia, Lucien Hold, Major Dale, Les Palen, George Jiminez, Walter Rathjen, Bob Plimpton, Joe McGough, Judge Clark, Newell Covert, Bill Rathjen, Irving Burns, Tony Bosco, Warren Ferris, Everett Smith, Al Hastede, Herman Glick, Ralph Hall, Claude Smith, Bill Dardess, Max Oppenheimer, Abraham Kastenbaum and Dr. Joseph Klein.

LOOK! APRIL 6th, 7 P.M.

"Church Family Night" will be observed with a covered dish supper, to which all families of the Church are urged to be present, if they do not wish to miss an enjoyable evening. Each family is to donate some item of food. A "Round Table Discussion" will follow the supper. If you are a Methodist it is your duty to be on hand. Come all.

their gunproving. A stronger iron must be had. The strong iron from the Greenwood works would not half supply them. A blast furnace must be built somewhere to make pig iron, so the West Point Foundry Association conceived the plan of building a furnace. They erected one between the two dams. The ruins of the old stack can be seen to this day. This was also the work of wise heads, and sufficient pig was made for their future purpose. Iron ore and charcoal were found within a distance of eight miles. The mines and the woods were full of workmen. The furnace once in blast must be kept up. One hundred men were employed year in and year out; some cutting wood, which was very heavy, some coaling it, some in the mines under ground, and many teams hauling the material, when properly prepared in the woods; others, not a few, must roast the ore and stamp it fine for the furnace; others stack up the coal in huge rough buildings; the coal must remain as dumped twenty-four hours before housing lest fire might be smouldering in it.
